Meet Al Worden, Jackson's Astronaut

As we say goodbye to the space shuttle, here is an opportunity to meet one of the few who have actually flown in space on Wednesday, October 26, at 6:30 pm at JDL's Carnegie Branch, 244 W. Michigan Ave., Jackson.

Col. Alfred Merrill Worden was born and raised in Jackson, graduated from Jackson High School, before wandering off into the wild blue yonder. After obtaining his master of military science degrees in Astronautical/Aeronautical Engineering and Instrumentation Engineering he was one of 19 astronauts selected by NASA in April of 1966.

Worden served as a member of the astronaut support crew for Apollo 9, backup command module pilot for Apollo 12 and, finally, command module pilot for Apollo 15 in 1971. Apollo 15 was the fourth manned lunar landing mission and the first to visit and explore the moon's Hadley Rille and Apennine Mountains.

Now Worden will touch down in Jackson to present a book talk on his autobiography, *Falling to Earth*, which details his experiences in the space program and the wonders and challenges of flying to the moon. Books will be available for sale and signing. This program is free and open to the public. For more information, please call 517-788-4087, ext. 234.

The Gardening Show

WJR's Gardening Show is not only for green thumbs, but for those of us who are all thumbs! Horticulturist Dr. Dean Krauskopf hosts a one-hour show filled with helpful information on lawn care, tree problems, gardens, crops, pests and anything else that gardeners feel they need to know.

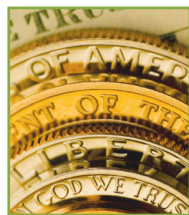

Dr. Dean Krauskopf has hosted the "Gardening Show" for more than 15 years and spent almost 30 years as a staff member of Michigan State University teaching in the Horticulture Department and serving as the Integrated Crop Management Agent-Southeast Michigan for the MSU Extension Service.

He will be presenting the "gardening show" LIVE on Wednesday, September 14 from 5:30 - 6:30 pm at JDL's Parma Branch, 102 Church St. For more information, please call 517-531-4908.

Meet your new City and County Leaders

Join us for the JXN Community Forum: *Looking Forward* on Thursday, September 15 at 6:30 pm to meet Larry Shaffer, Jackson City Manager, and Michael Overton, County Administrator. They will share their visions and views on Jackson's present and future. The audience will then have the opportunity for questions and comments.

The forums are co-sponsored by the Universalist Unitarian Church of East Liberty and the Jackson District Library and located at the Carnegie Branch, 244 W. Michigan Ave., Jackson. For more information, call Debby Sears at 517- 788-4087. Child care may be available for a modest fee. Call 817-0940 to RSVP for childcare.

Fall Storytime

Laying the groundwork for school success begins with reading aloud to your child. JDL believes in early childhood literacy and provides various resources to help be their child's first teacher.

All 13 JDL locations will provide preschool storytime for parents or caregivers and their toddlers. Preschool children, 3 to 5 years of age, may attend storytime starting in **September** and running through **December**. Special storytimes at selected locations include Library Babies (0 - 23 months), Time for Twos (24 - 35 months) and Baby/Toddler Storytime (6 mos. - 3 years).

Please check your local branch for dates and times. A complete schedule for all 13 locations can be found on JDL's web page at www.myjdl.com or by calling 517-788-4087 x235.

Teen Create

Teens will make, build, construct and create wild, odd, nutty and exciting (sometimes even gross) things!

Join us every Friday afternoon at JDL's Hanover Branch, 118 W. Main St. at 4:00 pm September 2 through October 28.

Fall Baby Signs

Are you familiar with a scenario like this? At 3 am your 10-month old baby is crying and you don't know why. So like all parents you ask what's wrong (wishing you could really understand) as she tries to vocalize her wants.

Baby sign language helps reduce tears, tantrums and frustration, makes learning to talk easier, boosts self-esteem and self-confidence, stimulates intellectual development and strengthens the parent-child bond.

Join us at the Summit Branch, 104 W. Bird St., this fall. Classes are free and open to babies through preschool and their parents or caregiver.

Wednesday, September 14 @ 11:00 am
Monday, October 10 @ 6:30 pm
Wednesday, November 16 @ 11:00 am

World War II Programs Continue

September 10: Lt. Francis Angier, B-17 Pilot. Angier was shot down over Hamburg Germany and later become a POW in Poland. He also talks of an eight day forced march in bitter winter weather ahead of the Russian Army. He was a POW at the same Stalag Luft #3 where the Great Escape took place a few months before he was interned there. Jackson WW II veteran Lt. Lee Zimmerman will answer questions about his experiences as a POW in Germany from 1944 to 1945.

October 1: Barney Cramton, USN. 50 Cal. machine gunner on a Grumman Avenger torpedo bomber aboard the USS Essex in the Pacific. This is the same type of plane that former President George H.W. Bush flew as the youngest Naval Aviator in WW II at that time. Mr. Cramton flew over 40 combat missions off of the Essex.
